YOUR UNION PROVIDES ASSISTANCE TO MEMBERS AT GRASSTREE MINE

Following the tragic fatality at Grasstree Coal Mine last night, the Collieries' Staff and Officials Association has provided assistance to members about their legal rights and obligations.

The Association will soon write to the Company seeking information about the investigation processes, and asking the Company to legally protect the interests of our members. We will soon brief and assist members at Grasstree further on what to expect, and how to best protect their rights.

Members at Grasstree have told us that they used the **Collieries' Staff and Officials Association Safety Booklet "Your Rights in Mine Safety Investigations"** over the last 24 hours and found it invaluable.

All members should keep a copy of this booklet handy at work where you can refer to it easily. If you need another copy of the booklet, please email us on infocsd@apesma.com.au
