Staff calls to help defend your Redundancy

24 May 2016

As the Coal Mining Industry Employers continue their push to cap your redundancy entitlements at 9 years, your union has commissioned a survey to ask Staff about their experiences around restructures and redundancy.

These experiences are vital to ensure we are able to present an accurate picture of the real impact that redundancy has on Staff and their families. Your responses to the survey will be collated together to help us defend current redundancy entitlements.

Staff will be contacted by phone this week. Individual responses will not be disclosed, just the collective overall data. Please take the time to answer the survey you will be helping all of your Staff colleagues in the industry. Your assistance with the survey is greatly appreciated as we work together to ensure we defend your redundancy entitlements.

Catherine Bolger,
Director

Improving safety, salaries and work lives.
